**corian.**

## Compatible

DuPont™ Corian® offers you an expansive palette of 100 colours. And we design our colours to be compatible with the fabrics, finishes and materials that surround them. By nature, Corian® plays well with others.

## Multi-talented

You can shape Corian®. Sculpt it. Cut or seam it to any size. Rout it. Carve it. Sandblast it. You can even backlight it for dramatic effect. This gives you almost limitless design freedom.

## Determined

Corian® works extremely hard to resist stains and offers superior hygiene and cleanability. It's non-porous, so liquids, mould, mildew, germs and odours can't penetrate.

## Loyal

DuPont™ Corian® stands by you, whatever life may dish out. It's very easy to clean, stain-resistant, highly durable and renewable. So you have fewer worries and more time to enjoy life.

## Trustworthy

Corian® is backed by a 10-Year Limited Product Warranty from DuPont when fabrication and installation are performed by a member of the Corian® Quality Network of fabricators. For further information on the warranty, please contact the local representative of Corian®.

# You'll love Corian®

## It's a pleasure to live with

DuPont™ Corian® is an advanced blend of natural minerals, pigments and pure acrylic polymer. Created by scientists of DuPont, Corian® is the original solid surface material, successfully used worldwide for more than 40 years in a wide variety of residential and commercial applications. How to describe Corian®? It's... Colourful. Fun. Imaginative. Versatile. Stylish. Capable of morphing into virtually any shape or design. Quite simply, a pleasure to live with.

# It's your kitchen

Give it a distinctive flavour with DuPont™ Corian®

## Let your imagination out of the box

A kitchen is just an empty box. Until you add your imagination. That's surprisingly easy with DuPont™ Corian®. Shape it. Sculpt it. Run it up a wall or down the side of a cabinet. Let your imagination loose with colour, shape and detail. There are no rules. Have fun.

## The Corian® collection

DuPont™ Corian® sinks and bowls come in many shapes, colors, and sizes. Seamlessly combine them to create a unique kitchen. No joints where dirt, germs and mildew can hide.

# It's your bathroom

Make waves with DuPont™ Corian®

## of sinks and bowls

me in a wide array of elegant shapes  
m with Corian® surfaces to eliminate  
can hide.

## Your bathroom: a reflection of you

With DuPont™ Corian®, you can make the most personal room in your home truly you. Surround yourself with colours and textures you love to wake up to. Design Corian® into soothing shapes. Combine it with tile, metal, wood, stone or glass. And because Corian® is so easy to live with, choosing it will reflect not only your sense of style, but your practical side, too.

# 100 Colours of Corian®

\* Dark, heavily pigmented Colours of Corian®, will show scratches, dust and ordinary wear and tear more readily than lighter, textured colours. We recommend that these colours not be used in applications where the surface is exposed to heavy use and contact (i.e. worktops). These colours are most suitable for applications where surface contact is light and for use as inlays and accent colours. For more information on selecting the ideal Colour of Corian® for your application, please consult with your DuPont™ Corian® representative.

\*\* The veining of these colours may vary in intensity and highlight joints.

\*\*\* The appearance of this colour may slightly vary due to the high recycled content.

☞ The "Illumination Series" introduces colours with superior translucency to enhance the potential for lighting effects with Corian®.

Possible finishes: matte, semigloss, gloss. Different thicknesses and colours are available according to our special order policy. Standard dimensions are nominal (12 mm).

Printed representation of colours may vary from actual samples.
